

Values

Argosy University is a private institution of higher education dedicated to providing high quality professional educational programs at doctoral, master's, bachelor's, and associate's degree levels, as well as continuing education to individuals who seek to advance their professional lives. Argosy University emphasizes programs in the behavioral sciences, business, education, and the health care professions. A limited number of pre-professional programs and general education offerings are provided to permit students to prepare for entry into these professional fields. The programs of Argosy University are designed to instill the knowledge, skills, and ethical values of professional practice and to foster values of social responsibility in a supportive, learner-centered environment of mutual respect and professional excellence.

Argosy University Adjunct Faculty Information

Argosy University's online courses are offered in a five or seven and a half week asynchronous, internet-based mode. Each interactive course includes lectures, discussions, individual/group assignments, and critiques. Instructional designers, faculty teams, and industry experts have designed all courses. Faculty members are required to teach the course as it has been developed. Faculty should draw on their own professional expertise to assist students with difficult concepts and to provide personalized feedback to their assignments.

Online Faculty Expectations for Argosy University

Each adjunct faculty member is required to work with a full-time faculty mentor throughout their teaching experience. Each course is taught as developed using the stated course competencies, assignments, texts, digital books, etc. Faculty members are encouraged to use their experience and knowledge to help the students meet course objectives. Each faculty member must log-in to the online classroom to teach and facilitate discussion five days a week without missing two consecutive days. While in the online classroom, faculty must make their contact information available to all students, which includes three "virtual" office hours, email address, telephone number (if used), IM address (if used), or Skype address (if used). Virtual office hours provide set days/times (at the faculty member's discretion) to provide further opportunities for students to ask questions and seek assistance, often coinciding with assignments' due dates. Faculty are expected to respond to questions from students, administration, and academic counselors within 24 hours during the week and 24 to 48 hours on weekends. Faculty must grade each assignment within 48 hours of its due date, including any grades due at the end of the week. Final course grades are due within 48 hours of the last day of class.

Qualifications

To maintain its exemplary level of academic standards, Argosy University requires all adjunct faculty to meet the educational and professional standards of the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges (985 Atlantic Avenue, Suite 100, Alameda, California, 94501, <http://www.wascsenior.org/>).

In accordance to these standards, a minimum of a master's degree and 18 graduate semester credit hours in the area in which the faculty member is applying for are required. The degrees must be from a regionally accredited institution. Please note many courses require a doctoral degree. For additional information, please see the "Position Requirements" section of the attached Online Faculty Position Description.

Currently, we are not able to accept applications from individuals residing in Iowa, North Carolina and Kentucky. Likewise, we are not able to accept applicants from outside of the United States and U.S. territories.

Proprietary Issues

The online courses and materials relating hereto, in whatever form, offered by Argosy University are and shall remain the sole and exclusive property of Argosy University. All models, curricula, programs, materials and systems designed or developed by faculty engaged by Argosy University in connection with the teaching such courses shall be and remain the sole and exclusive property of Argosy University.

Next Steps: Continuing the Application Process

1) Candidates interested in becoming an adjunct faculty member with Argosy University should complete the online application.

2) Once a candidate's application is complete, it will be reviewed by Argosy University Faculty Recruitment Team. If the candidate's background matches one or more current openings, they will be contacted via e-mail. If a candidate's background does not match Argosy University's needs at that time, the application will be kept on file so the candidate may be contacted should future opportunities arise.

3) After a candidate decides to continue with the application process, they will receive a request to submit transcripts. The candidate should ensure that their official transcripts are sent directly to Argosy University to the address indicated in the email. Argosy University requires our candidates to send transcripts for all degrees obtained. International degrees must be evaluated (at the applicant's initiative and expense) to verify U. S. equivalency. These must be course-by-course evaluations. (Note: <https://www.ece.org/> is a resource site for international equivalency documentation.)

4) Once transcripts are received, the candidate's materials will be sent for evaluation to the appropriate academic departmental representative. At that time, the departmental representative determines the courses which the candidate is qualified to instruct based on specific coursework contained in the transcripts. If the candidate is credentialed for one or more courses, the candidate is notified via e-mail of the credentialed courses. If the candidate is declined for credentialing, the candidate is notified via e-mail of the decision and their information will remain filed with Argosy University should future opportunities arise.

5) If the candidate is credentialed for one or more courses, Argosy University Faculty Scheduling Team will work to place the candidate in an open course and invite them to complete faculty orientation. Note that course openings rely on student enrollment; therefore, each course does not run every term. Argosy University asks for the candidate's patience during this process. Once a course is available, an e-mail is sent to the candidate from the Faculty Scheduling Team two to four weeks prior to the start of the course. For any questions, please contact Argosy University Faculty Recruitment Team at onlinefacultyrecruit@edmc.edu.

Online Facilitator Training Course

All adjunct faculty members who desire to teach online are required to successfully complete the three week Online Facilitator Orientation Course provided by Argosy University prior to starting their first class. The course simulates the online environment in which students of Argosy University will be participating and faculty of Argosy University will be teaching. It also introduces faculty to the expectations and best instructional practices at Argosy University. Faculty will receive a log-in to this course when they have been scheduled for their first course. Please note that failure to complete the orientation as directed will result in an adjunct faculty member being removed from his/her course.

Goals of the Online Facilitator Training Course

Upon successful completion of the three week training, faculty should be able to:

- Facilitate an online process that has a significant requirement for student interaction as contrasted to lecture-type formats typically used in on-ground environments
- Navigate the online classroom and assist students in navigating the online classroom
- Use learning-centered strategies to engage the student
- Explain Argosy University's expectations of its students and instructors
